Verizon MiFi & Bluetooth R8 User Guide

Step 1: Open Wireless manager

*NOTE* The first time you connect to the Verizon MiFi 2200 you will have to complete steps 2 – 4. After you have completed these steps it will connect automatically when you turn on the Wi-Fi.

Step 2: Menu \ Wi-Fi Settings
Step 3: Tap & Hold on Verizon MiFi2200 \ Select Connect

Step 4: Paginate to the Network Key tab \ Enter 11 number password found on the back of your MiFi2200, then select ok
Step 5: Verify connection & turn Bluetooth on if not already selected

Step 6: Bluetooth Configuration

From the main screen select: Configuration \ Controller \ Bluetooth
Step 6 Continued: Select the desired R8 by checking the serial number on the bottom of the R8. Hit Accept when done
